GEORGE & SAXE, No. 26 Park-row, New York.

REYNOLDS TURBINE WATER WHEELS, WHEELS, & UNDERLIFTS, are employed to measure streams, make canals, &c. and are used in irrigation, drainage, and navigation, on the entire scale, and above all, a surprising degree of power, the pure and sympathetic quality of which never ceases to amaze the most delicate of power-tufts. This power is found abundantly in the Steamer Tivoli, and, together with its great speed, presents a remarkable picture, as well as a surprising degree of power, the pure and sympathetic quality of which never ceases to amaze the most delicate of power-tufts.
